

Valuation of your House During Covid 19

As the country moves to living with coronavirus, JW Wood still have a number of procedures in place to help keep you and our team safe when the risk of infection of Covid 19 is still possible. The governments advice on moving home can be found [here](#) and this explains the minimum best practices that should be followed.

Our offices are now staffed although all visits remain by appointment only. Simply telephone or email the office and wait for confirmation of a day and time before attending, we will be asking anyone attending our offices to wear a mask unless unable to.

We are still able to offer virtual valuations if this would be preferred.

- Please fill out a Health declaration form on behalf of you household before the appointment.
- Please let us know if you would like us to wear a face covering
- Please open windows to allow as much ventilation as possible during our visit.
- Once the appointment has taken place, you should ensure surfaces, such as door handles, are cleaned with standard household cleaning products.
- Social Distancing is no longer a requirement, but we will still maintain distance where possible, please do not be offended.

If you have any questions, please don't hesitate to contact me.
